1.

Ahhh! Ike again! I love you so much...!

True: (Ugh...)

2.

Talking in my sleep: (bubble, big... drown... last...)

Good luck:

Phew, you really like big breasts.

I'm glad I've been breastfeeding properly since I was a child.

Ah, but Masato's baby is really big... Let's see...

Hmm... I think it's going to get worse again... It seems like work is really hard these days...

I've already had Ike twice, but there's no sign of waking up at all...hmm...ahhh ♡

3.

Masoto: Ah... good morning, Yoshino-chan

(That's the way he wakes you up, as usual. Yoshino-chan was born with a disease and has often visited the hospital where I belonged since childhood. Because of our long relationship, we developed feelings of love, and since we were in junior high school, my doctor has been asking me to

go out with him, and as soon as I turned 16, I started saying that I would live with him every day.I was sickly as a child, but now I've grown up well.She's a little quiet and sexually greedy, but... at least twice every morning and evening... she's a little short, but her figure is the best.She's really my proud girlfriend.)

Kichi: Ah, An... ♡ Oh, good morning, Ik... ♡

4.

True: oh... my dick.... (Bubble... this perfect proportion, and this baby... I love it...)

Kichi: Ugh... Huh?

What's the matter, really?These days, it withers as soon as I wake up.Look, this is Yoshino who loves Masato, huh? He can still do it, right?It's not good yet.

Makoto: Oh, sorry... I don't know why either...Maybe it's because I'm tired from work these days...

Kichi: Not like this all week! You can't do it without attacking Masato's sleep... Are you sure you lost interest in my body...?

Makoto: No, that's not true!I love everything about Yoshino!

5. Kichi: By any chance, do you prefer bigger breasts?

If it's for the sake of truth, I can be like that?

True: Oh, that's not true! It's okay as it is Yoshino! Don't be silly!

Kichi: Because Masato has seen a lot of bulge patients at work recently... I guess he likes that kind of thing?

6.

If Yoshino were like that... No, I'm not kidding! But...

Yoshino-chan Bare Standing Picture

Kichi: Look, I was imagining the patient and it got hard! After all, Masato likes that kind of thing Ugh...

Makoto: No, no, no, absolutely not! I've seen a lot of patients, but they're all dead! Don't ever be like that!

Kichi: But, because...

Makoto: No, it's not. I really like Yoshino today. Don't be silly. What?

Kichi: All right...

view of the world

a standing picture of a true person

I was originally an ordinary doctor. However, he has been sent to the research organization to study the sudden onset of symptoms—milk swelling.

the subject of study, so-called When breast milk is consumed by breast bulge patients, the chest grows rapidly, resulting in a strong dependence on breast milk. In the end, not only the body but also the mind is broken. In order to prevent the spread of symptoms, the government has hurriedly set up this organization and blocked information, but patients are still sent from time to time for unknown reasons. People still think it's like an urban legend, but...

However, due to my carelessness, Yoshino saw the report I wrote and learned this secret. However, she only knows the symptoms in words and does not know the actual situation of the patient. Maybe that's why they don't understand the gravity of the situation.

But that doesn't mean anything will happen. Both the institution and the government have very strict control over milk turgor...

Kichi: Oh, grandpa in full-length robes... I doubt it...

Teacher: If you want to be loved more by your boyfriend, try using it... kkk...

Kichi: Oh, no way...! Oh, old man... he's gone...
