

# 1.The Invasion of Tentacles

In a modest apartment standing a bit away from the hustle and bustle of the city, lived Haruto, a man at the threshold of a new life after university. However, a faint worry clouded his heart. It was a peculiar dream that recurred every night. In that dream, he would be entangled, bound, and found himself letting out gasps. The content of the dream was always the same, and his companion in it was a multitude of glossy, black tentacles.

"Why do I keep having such dreams..."

Haruto was bewildered by these dreams but couldn't bring himself to confide in anyone about them. Then one day, an event that would turn this dream into reality took place.

When he returned home, he found an unknown creature in his room. It was a shiny black tentacle, countless in number, crawling all over the room. Everywhere he looked, tentacles were climbing up the walls, crawling down the floor, slipping off the furniture, filling the room like living black snakes.

"What the hell is this!"

As he raised his voice in shock, the tentacles began to twine around him even more. Just like a snake capturing its prey, the tentacles coiled around Haruto's body, rendering him immobile. The cold, slimy sensation crawled up his body.

"Damn it! let me go!"

However, his cries were ignored, and the tentacles continued to entwine him further. His resistance was in vain, and the tentacles had completely captured him.

## 2. Penetration of the anus

The tentacles ignored my resistance and started to shred my clothes piece by piece.

"Stop!"

I shouted, but the tentacles, instead of responding to my voice, tore at my clothes even more fiercely.

"Kuh... what...?"

When my naked body was exposed, some of the tentacles headed towards my anus, crawling up towards the entrance.

'Ahh, stop!'

I screamed, but the tentacles entered my anus slowly without responding to my voice.

"Nh, Ah!"

My body stiffened at the unfamiliar sensation. However, taking advantage of that, the tentacles slowly spread my anus and continued to penetrate deeper.

"Ahh, kuh...!"

In sync with their movements, my body instinctively reacted, and I couldn't help but let out a groan. It was a sweet voice mixed with embarrassment and pleasure.

When the tentacles inside me started to tremble minutely, my body was assaulted by a new kind of pleasure.

"What is this!? It feels good!!"

I couldn't help but raise my voice. My thoughts were completely stolen by the pleasure, and I was just helplessly drowning in it.

The movements of the tentacles began to intensify. They started to pulsate inside me, and started to inject something hot.

"Ahh, Aaaaah!"

In that moment, my body was attacked by an even more intense pleasure. What was poured into me was the semen from the tentacles. I let out another moan at the feeling of it filling my body.

"Ahhh, what is this!?"

It was an unknown pleasure to me, and even though I was bewildered by the sensation, I continued to savor the pleasure. My body reacted to the pleasure, my penis became even harder, and eventually, I too released a large amount of semen onto the floor.

### 3. Midway point of transformation

When I was released from that pleasure, I noticed that my chest was swelling.

"Why, like this..."

My anus was expanded by the tentacles, invaded, and my body was feminizing. However, my dick was still there. It was a sign that I was still half male.

A new tentacle appeared there. Seeing it, I was frightened. Its thickness was larger than the others, and it was scary to imagine it being inserted into my body. A white liquid overflowed from the tip of the tentacle.

"Huh...?"

I was puzzled, but the tentacle carried the mucus overflowing from its tip to my mouth and started to dirty my face.

"Ugh! What the hell is this...!"

Its true identity was the sexual organ of the tentacle, and its ejaculation meant that it had reached climax. Understanding the meaning of its actions, I turned pale in disbelief.

"No way...!"

As I said so, as if in accordance with my words, that tentacle thrust its own sex at me.

"Ugh!"

The tentacle forcibly pried open my mouth and invaded inside. At the same time, it thrust up to the back of my throat, making it impossible even to breathe. And then the tentacle started to move back and forth, beginning to violate my mouth.

"Ngh, ugh...!"

I made a pained expression, but the tentacle ignored it and continued its piston motion. Soon, the tentacle's phallus began to tremble, and once again that hot stuff was released.

"Mmph!! Mmm~!!!"

I resisted its actions, but the tentacle made no difference and performed its second creampie. When the tentacle was pulled out from my mouth, the backflow of the white turbid liquid splattered on my body.

And my mouth was filled with the tentacle's semen. It was salty and had a pungent smell. It was a taste that I had never experienced before, and the sensation made me feel even more despair.

## 4. Complete feminization

And then, I noticed further changes happening to my body.

"Huh... What is this..."

I felt my dick shrinking. It was the moment when the last proof of my masculinity was disappearing.

"Stop this...!"

The fear of losing my male ego. It tormented my heart more than the physical change. But my breasts swelled even more, my hair became softer and glossier, rapidly growing into long hair, and I was completely feminized, becoming a vessel to bear the offspring of the tentacles.

"No, not this..."

Despair filled my heart. Yet, the tentacles kept violating my body. Among them, one particularly thick tentacle instilled a new fear in me.

"Huh...?"

It was heading for my vagina. When the tentacle touched my vagina, I involuntarily trembled at its touch.

"Ngh, stop it...!"

However, the tentacle ignored my voice and slowly invaded my vagina. At the sensation of its invasion, I let out a voice involuntarily.

"Ah, no, no!"

As the tentacle crawled up inside my vagina, I felt pleasure again at its sensation and involuntarily let out a voice.

"Ah, ahh! It feels so good!"

My body reacted sensitively to that pleasure.

The tentacle reached all the way to my womb, and when I shook at its stimulation, the tentacle started moving slowly. At the same time, a pleasure I had never felt before ran through my body.

"Ahhh! It's amazing!"

At that pleasure, I unintentionally let out a voice. Then, the tentacle spat out a large amount of hot semen.

"Ah, ahhh!"

At that moment, my body jumped with a start, and with that pleasure, I finally came.

## 5.The Joy of Giving Birth

The sensation of hot liquid being poured into my body. At that moment, I felt something hot being poured into me and my whole body shaking. It signified that the tentacles were pouring semen into my womb. At that sensation, I involuntarily shook my body and let out a voice in the rising pleasure.

"Huh... what is this...?"

After a while, I noticed a new change occurring in my body. It was the sensation of my belly growing bigger. Despite my surprise, I was confirming this new sensation within myself.

"Ohh, this is..."

After confirming that sensation, I slowly looked at my own belly. It was clearly different from that of a normal male, and was greatly swollen. It indicated that I was pregnant with the child of the tentacles.

"No way, this can't be happening..."

Unable to accept this fact, I was momentarily confused. However, my body didn't stop its change, and my belly continued to grow bigger. Finally, I reached the moment of giving birth to the child of the tentacles.

"Ngh, ugh...!"

At that moment, childbirth should have been accompanied by pain, but I didn't feel any pain at all. Instead, a sweet pleasure that enveloped my entire body attacked me. It was the tentacles' semen acting in my body, transforming the pain of childbirth into pleasure.

"Ahh! I'm cumming!!"

As I screamed, the child of the tentacles burst out of my pussy with great force. At that shock, I reached climax. At that moment, I realized that I had given birth to the child of the tentacles, and felt a certain sense of accomplishment, along with confusion.
