

## *Luxe Lips*

Why waste your time being boring and unkissable when you could be making out with the lover of your dreams with just a little bit of effort. Having luxurious, luscious, lush lips are every girl's dream, and you aim to make your lips the most plump and kissable that they can possibly be for any admirers who you may come by in your future.

Become lip obsessed as I gently remind you to moisturize with lip balms, exfoliate with scrubs, and paint perfect cupid's bow peaks with your growing lip care collection. Find yourself constantly checking your lipstick in the mirror and feeling nude without a good coat of gloss on. Know that a full pair of plump and perfect kissers are always meant to be painted whenever you look at yourself in the mirror. Lean into your addiction by following plump lipped influencers like Kylie Jenner and achieve the perfectly fuckable lips that you have always wanted.

Leave behind your thin unkissable lips and say hello to your perfect and irresistible, "*Luxe Lips*."
