

Pinkie: we can't beat him?!

Starlight: Storm King has that orb called "null orb." With that item, he's invulnerable to our magic ... the only way to defeat him is through brute force.

Applejack: Brute force?, why didn't you say it! I got this!

Applejack activates her geode and she get a great deal of physical strength. With a gaze focused on her enemy, she jumps on the Storm King ...

You: huh? Hey, what are you doing! I told you that you can't beat him!

Applejack ignores my warning and still starts attacking the Storm King ...

**PUNCH!!* *SLAM*!!*

Applejack uses all her strength throwing strong punches, Storm King decides not to dodge and gets every single attack. It seems that the victory is for Applejack, but...

Storm King: hehehe... what was that...

Applejack: huh?!

Storm King: back off!!

Applejack: Aaaaah!!

Storm King raises his hand to hit Applejack, however, she was able to dodge him in time.

Rarity: Applejack!!

Applejack: dont worry, I'm fine...

Sunset: Starlight, you said brute force was the only thing that can beat him. Why AJ's punches didn't work!

Starlight: I already told you, he is immune to magic damage. Applejack used her geode for the super strength ... basically her punches were magic :S

Storm King: you are not my target. ** Looks at you ** Now old friend, your time is now!

You: ...

Storm King jumps on me... I try to avoid him but it's useless ...

PUNCH!

You: OOOOFF!! ** you fall to the ground **

Ugh... I don't have super strength or extraordinary abilities to directly confront him. I have to think of something... I can't let the girls get involved in a problem that directly concerns me! He came for me, he is here for me.

Pinkie: dummy!!

Storm King: Why don't you fight me... come on, make it worth coming here.

Fluttershy: stop! you're hurting him!!

Storm King: that's the point 😊

Storm King lifts me from the ground and I'm still not aware of what's happening. Does he want revenge? I remember he mentioned Cozy. Is this any kind of request from her?

You: Are you doing this because Cozy ordered it? Hah, what a king.

Storm King: Why do you say that, you also obeyed her orders in the past.

R. Dash: huh? Wha-what do you mean?

Starlight: ...

It's true, the girls still don't know about my past and there's no point in hiding it anymore... they were eventually going to find out anyway...

You: Yes. I used to steal items and sell them on the black market in the Underworld. And not only that, I beat people and destroyed their homes together with this stupid, just to command our respect and make everyone fear us. All that was triggered by an emotion: hatred. I hated my life, I was a poor wretch who lived in filth. I grew up in the Underworld, I was homeless and just roaming the streets, alone. When I went out of town, I saw other people happy, enjoying a good and happy life, children playing, dogs jumping in the park... I always wanted that for myself, but never got it. Being born in the Underworld, the worst city of all, having to survive on my own by stealing, beating and breaking the laws ... only one thing helped me: The Hate I felt for everyone and everything. It was when I met him. He was the same or worse than me in appearance! We decided to work together under Cozy Glow orders. She asked us to steal certain objects, but we never received many details about it, she gave us the luxuries we wanted ... somehow she got good things to live well, and also, she managed to make everyone fear us!

Storm King: But out of nowhere, this traitor abandoned us and never returned. The last item he stole was this null orb and he sold it on the black market. **he looks at the girls** Heh, tell me, what do you think of his dear "friend", now that you know that he's like me?

Dash looks at me and says:

R. Dash: so, you are a thief... a villain...

Sunset: ... ** she looks at you **

Rarity: ... ** she looks at you **

Dash is the first girl to speak after telling them my story. Her gaze feels like being hit with an ice stake in the chest... it's cold. Sunset and Rarity fix her gaze on me, as if waiting for an answer.

Pinkie: NO!

You: ...?!

Before I can reply, Pinkie takes a step forward and raises her voice.

Pinkie: He isn't a villain!

R. Dash: Pinkie?

Pinkie: I don't care what he has done in the past. What matters is the present and the future, and he has changed! All this time since we met him, the dummy has been part of our group, he has always been there to help us, he makes us laugh, he helps us and even, despite everything that has happened because of me ...
**sob ** ... He never wanted to cut ties with us! I trust in him!!

You: ...

Sci-Twi: Pinkie is right. He is our friend and despite everything that has happened, he always has that smile on his face. If he was a villain in the past, that doesn't matter anymore. He has changed and has shown it every day that he has been with us.

Sunset: I don't have the right to judge him, I was like him too, but the girls helped me and now I fight alongside them. In the same way, I will help him whenever he needs it ... I will never leave him alone!

Rarity: It's true ^^ . All people can change, and our beloved dummy-head has made it, and we are witnesses of that change

Fluttershy: I never knew his bad side, and I don't want to think about it. He has always been cute, tender and very kind with us... he is not a bad guy!! I will never turn against him, never!!

R. Dash: Heh, yeah. I agree. He may have been a monster in the past, but not now. The present is here and he's a renewed guy!. I indeed trust him!.

Applejack: I will never leave him alone. He helped me in the apples harvest, he helped Rarity with her outfits, he chose our friendship when Sunset challenged him at her house, and he didn't even think twice. I know that if we have a problem, we can count with him!

Starlight: girls... 😊

They all support me and show a confidence in me that I have never seen before ... even Starlight, who was the only one who knew everything about me, feels relieved.

Storm King: aaaaargghh.. you are making me sick. Okay, it's a nice story of yours, but one way or another, you come with me!

The Storm King again jumps on me, charges his fist with great force to launch a blow on me... something like that could never be resisted by a simple human ... and one thing I tell you, I AM A SIMPLE HUMAN !! However, the moment I was going to receive that blow ...

Pinkie: dummy!!

**PUNCH!! **

Pinkie stands in the way of the Storm King and me ... so she takes full damage of the punch instead of me!

** Pinkie falls to the ground, unconscious **

You: ...?!

Sunset: Pinkie!!

Fluttershy: Pinkie noo!!

All the girls run towards Pinkie and try to wake her up but there's no response...

You: ...?!

Storm King: Bah, what a brat. She got what she deserved, I always hated her jumps anyway.

Seeing how the Storm King hurt Pinkie, made something start to flow inside of you ...

Starlight: hey! stop! Dont do it!!

Starlight begins to yell at you repeatedly, but you don't listen to her ... you begin to feel deep down of your body the same feeling that once made you become the greatest villain in the Underworld. Hatred.

Starlight: Don't do it! Girls please! Tell him to stop! If you let him feel hatred and adrenaline and he start fighting against of the Storm King, we will have lost him!

Exactly. You hate the Storm King for hurting Pinkie, but not only that, you hate the fact that your friends are in danger because of you. You hate yourself. If you let that feeling flow, perhaps you can defeat the Storm King, fighting hand-to-hand against him. Even a simple human like you, with adrenaline and hatred, you could protect them from him... however, the cost would be to return to being the same young man that you once were. Dark inside and outside, whose heart is as black as coal tar. There would be no going back ...

Starlight: please!! If he fights with negative feelings, his hatred towards people pops up again due of the adrenaline, that's the main reason why he always try to flees and avoid the confrontations. Some people born in the Underworld can develop a berserker state ... they have no limitations and lose control easily! He would become the same monster he once was in the past. He left the Storm King and Cozy Glow path because he doesn't want to do those horrible things he regrets. He made a change for all of you, girls!

Sci-Twi: huh?!

Starlight: He was there when the girls helped you, Sunset, they forgave you and took care of! He saw how you, Twilight, transformed into Midnight... but still the friendship of your friends made you return to normal! He wanted to change, like you!

Sunset looks at you, and she can slightly notice how you frown, clench your fist, and a lost and dark look is reflected on your face.

Sunset: Hey what are you doing!! Calm down right now! Pinkie will be fine!

Sci-Twi: Dont do it! Please noo!!

The girls try to stop you ... but you don't react.

Storm King: hahaha!! Fight with me !! Show them your true personality, show me that you are the same rotten man that you once were!

Starlight: Dont do it!! You worked very hard to change your life!

Storm King: come on, fight with me!!!

Applejack: open your eyes, you silly !! Don't fall into his trap!!

Storm King: Don't be a coward !! Show me what you got, boy!

Rarity: NOOO, please control yourself!

...

(Now is your turn. Choose one of the two options ... what will you do? Will you allow yourself to be influenced by your feeling of hatred and face the Storm King? Maybe that way you can protect your friends. Or will you listen to them so not to fall prey to hatred, whose feeling would only cause pain to the people who love you? ... you choose).

ENDING: Fight against the Storm King

Girls try their best to make you see reason, but it's useless.

You: enough! Right now i'll finish you!

Starlight: NOOOOOOOOOOOOOO!!!!

You jump on the Storm King and begin to bombard him with your fists. Face, stomach, back, your fists cover his entire body, and they are so powerful that they make you remember what it felt like to be a fearsome man, a powerful man.

You: take this!!

PUNCH!* *CRASH!!

Storm King: OOFFF!!!... AAGGH!!

The Storm King takes all the damage ... your blows are effective against him thanks to the null orb. It's true, the orb can nullify effects and magic damage, but your fists don't have magic, your fists have feelings: HATE. Your body enjoys adrenaline, the adrenaline of a fight..

CLASH!!* BAAAMM!!

Storm King: UAAARGGH!!

You: GET UP!!

Sunset: STOP!! What are you doing!!

Sunset runs towards you and tries to stop you ... however...

You: get out...

Sunset: what?! No!

Your blows don't stop, your gaze is lost and all you think about is giving to the Storm King an indescribable beating.

Sunset: I said STOP!!

You: and I said GET OUT!!

Sunset: ...?!

You yell at Sunset and continue your battle, however that moment of distraction was perfect for the Storm King, who throws a heavy blow at you.

PUNCH!

You: OOFF!!

You fall to the ground, but you quickly get up ...

You: heh, what happened to you ... the orb also nulled your strength?

Storm King: hmmm... not bad, boy.

The girls watch the fight from a distance ... without understanding what is happening.

R. Dash: what happened to him ... it's as if he were someone else.

Fluttershy: he's totally different from the boy we used to know...!

Starlight: Oh no. It's too late...

Starlight knows that. You let the hate emotions flow inside you and you didn't resist the Storm King's taunts. Besides, seeing how he hurt to your friend made you lose the control.

At that moment, out of nowhere ...

Cozy Glow: good job, Stormie! >:3

Storm King: What are you doing here ... I'm in the middle of something important!

Starlight: Cozy!!

Cozy Glow: But we already achieved our goal, you made that fool succumb to hatred! once again, nice job! :D ..

Storm King: ah shut up!

Cozy fixes her gaze on you ...

Cozy Glow: I knew you would come back ^^

You: What are you talking about. Once I'm done with him, you'll be next. And I don't care if you're a little girl.

Cozy Glow: awwww... so scary! Hahahaha!! You don't understand, right?... We already won, I WON !!

You: huh?!

Cozy raises her hand and shows a white sphere ... the Life Orb.

Applejack: what is that thing!

Cozy Glow: This, my dear cowgirl, is the Life Orb. And as the name implies, for a "small" price, it can break the seal that guards the true power of the Storm King..

Sci-Twi: what do you mean! The true power of the Storm King ?!

Cozy Glow: I will explain you. This man here, the Storm King, it was not just an ugly gorilla with a magic wand... his power is much greater than that, however, his true form was sealed in this orb. Oh yeah, the orb that was kept in Tartarus was very easy to steal, wasn't it Stormie? But, to unleash that power, we needed to "someone" like the price to pay, you know what I mean, right?

Cozy points to you.

Cozy Glow: And that “someone”, it must have an evil aura strong enough to awaken that power. In the Underworld, no one had such great hatred as him, not even me or the Storm King... and our hatred for your counterparts on the other side is too big!! His aura was as dark as coal. He was perfect. The mission I entrusted to the Storm King was stole this orb and take that fool away, but I suppose he did a better job of awakening his hatred and releasing his evil aura again to use it and absorb it.

Cozy raises her hand again, showing the Life Orb.

Cozy Glow: He was the main ingredient!! Now, wake up, the origin form of the Storm King!!

Dark clouds begin to appear in the sky, covering the stars in the process. Then, immense lightning bolts hit the ground, the force of the wind increases while the Life Orb begins to shine with intense force.

At that moment, Pinkie regains consciousness and looks around, not understanding what is happening.

Pinkie: huh? ...

Applejack: Pinkie!

Still disoriented, Pinkie sees you from a distance ...

Pinkie: dummy!!!

You: ...?!

You hear the voice of Pinkie, however ...

Storm King: it's too late to return!!

The Storm King clings to you, making it impossible for you to move.

You: ... argh! What the...!!

Cozy's orb shines brighter. Then, a beam of light emerges over you and the Storm King, covering their bodies.

Cozy Glow: finally!! Hahahahaha!!!

Your body slowly begins to disappear into that beam of light ... you try to escape, but the Storm King prevents you from doing so. Both of you are being absorbed.

You: nooo!! Argh!! Let me go!!

Pinkie: dumyyyyyyyyyyyyy!!!

Pinkie and the girls run towards you, they want to avoid that light catching you completely ...

Fluttershy: please! No!!

Rarity: Let him go!

However, it's useless ... the Storm King looks at the girls, and laughs machiavellically ...

Storm King: here, there is no happy ending ... MWAHAHAHA!!!

You can see a tear running down Pinkie's cheek ...

You: ... I ruined it! I couldn't change ... All fo you trusted me and I ruined it... please, forgive me!!

You try to hold Pinkie's hand, but...

BLUSHHH!!

Your body and that of the Storm King are totally absorbed by the light of the orb in Cozy's hands. You have completely disappeared.

Sunset: ...

R. Dash: ...

Sci-Twi: ...

Applejack: ...

Fluttershy: ...

Rarity: ...

Starlight: ...

...

Pinkie: **crying** NOOOOOOOO!!!!

...

The storm increases in strength, Cozy's orb shatters, and unleashes enormous power. In the act, the same beam of light forms a four-legged figure.

Cozy Glow: welcome home >=)

Sunset: huh...¿?

A big telluric force hits the place, and that four-legged figure is shown before the astonished eyes of the girls. The lightning bolts rumble with force, as if trying to welcome its creator ...

Storm King (Origin form): I... feel... alive!!!

Applejack: WOOAH! What is that!!

Cozy Glow: It's the true form of the Storm King ^^... BEHOLD!!

Storm King (Origin form): **grawl** RAAAAAAAAAAWR!!!

Pinkie: ...

Sunset: we must stop that thing and save him!

Starlight: ...

Starlight says nothing.

Sunset: huh? Starlight?

Cozy Glow: she knows, dear Sunset. Your magic power is useless, your magic items are useless!! We have the null orb. And not even the combined physical strength will work against us 😊

Storm King (Origin form): now, I will make you all suffer!!

Cozy Glow: wait! It's not necessary for now. I think it will be more painful for them to know that they will never see his dear friend again. Let's go to the other side and execute our revenge! Then we can come back to play with them. You have enough strength to create a vortex and travel between both worlds, just do it.

Storm King (Origin form): hmm... I guess you're right. See you later... hehehe...!

Storm King roars loudly, creating a big vortex, which he uses to travel with Cozy to Ponyville. After a few moments, the storm calms down and the night returns to normal.

Sunset: ...

Sci-Twi: ...

They are all silent ... Rarity is the only one capable of saying a few words.

Rarity: we... lost...

Sadness embraces each one of the girls... Fluttershy falls to the ground crying, Applejack hugs her while a tear falls from her cheek. Sunset and Sci-Twi look up at the sky... Pinkie doesn't want to lose you, but her words won't make you come back.

And if that wasn't enough, an incredible force will strike the other side, their counterparts.

If you thought that the null orb would make the Life Orb not work, you are wrong: The Life Orb has fulfilled a condition, an effect ... therefore that is not considered magic. Likewise, the Storm King's powers are effects of his new form.

Perhaps you wouldn't have awakened Storm King's origin form if you had stayed in calm that moment and hadn't react like you did.

Maybe, if you had listened to your friends your hatred would have subsided, Cozy Glow couldn't have used her item and you still would have been with your friends ... Perhaps there was a way to defeat them without letting your negative feelings out. But it's too late, you've already made a decision and that has led you here.

Was it the right decision?

Cozy Glow: hahaha!!! HAHAHAHA!!! ...

ENDING: Listen to your friends and calm down...

Girls try their best to make you see reason...

Starlight: Please! You don't have to do that!

Sunset: don't do it!! Pinkie will be fine!!

...

...

The girls are right... I must remain calm. Honestly, I want to fight against him. But that would mean that all the effort I have made to change will have been in vain. I would lose the girls' trust, their friendship, which is the most sacred thing I have right now. I can't let a negative emotion ruin everything.

I take a deep breath. By opening my eyes, I can see everything more clearly.

You: ... uff... **sigh** that was close.

Starlight: ah! what a relief.

Rarity: Does that mean he's still the same cute and naive boy he's always been? ^^..

Starlight: hehehe, that's right ^^

You: really?! This is not the moment, you know?! Dx

Storm King: You are nothing but a coward. Every time I see you, you disappoint me! But that doesn't matter, still, you will come with me!

Storm King jumps on me, however, R. Dash with her great speed, grabs my arm and pulls me away from him.

FLASH!!

Storm King: ...?!

You: woah! Thanks Dash!

R. Dash: no problem 😊

Fluttershy: the Storm King is immune to our abilities due to the null orb, and the only one with enough strength to defeat him is Applejack, but ... if her attacks are magical damage, how are we going to defeat him ... :S

Fluttershy is right ... right now none of us can beat him ... if only there was a way to take away the orb from him.

...

Wait... that's it!

You: We have to take away the orb from him.

Sunset: And how do we do that!

R. Dash: hey, that offends me! I am the fastest here, it will be very easy!

Sci-Twi: but your maximum speed is activated by your geode ... that's ... magic :/

You: and the orb will annul it.

Just when we plan our strategy, the Storm King walks towards us. His patience appears to be wearing thin, he's definitely angry!!

Storm King: You guys already have me tired. I gave you a chance to go and enjoy your silly party, I just need to him, but no. You decided to confront me, even knowing that it's impossible for you defeat me.

You: girls, I have an idea.

It's true, none of the girls can face him as long as he has that orb. Dash is fast enough to take it off, but if she gets close, her power will be nullified and she will be vulnerable. However, there is an option...

You: Applejack, on my signal, I need you to focus your full strength in your fist and hit the Storm King. ** I look at the other girls **. Girls, give all your power to AJ so that the force in her fist is even greater.

Sunset: but AJ already tried and it was useless!

You: girls please ... I need you all to trust me. You can do it?

They all nod their heads while smiling.

Applejack: Of course!. I will wait for your signal!

Sunset: You know we do trust you, but ... don't you dare do anything risky !!

Just when we talk about our plan...

Pinkie: hmmm...

Pinkie woke up ...

Pinkie: ... hmm?

She seems disoriented, but as soon as she sees me ...

Pinkie: dumyyyyyyyyyyyyy!!! * hugs you* *sob*

You: GWAAAAAH!!!

Pinkie: *sob* Are you okay?!! *sob* waaaaaaaaaaaaah!!!

Starlight: Pinkie, he is okey, dont worry ^^

If it weren't for Pinkie, I would have been hit by the Storm King. She literally saved me from that. The wounded person must have been me...

you hugs Pinkie

You: you saved me Pinkie. I'm okay, thanks to you.

Pinkie: ... dummy... after all this is over ... you and i will have a date.

You: PFFFFFFFFFFFFFFFFFFFFF..!!!

Sunset: excuse me?!!

R. Dash: Pinkie?! Don't take advantage of the situation!

Applejack: then I will have two dates with him ☺

Rarity: hah! Three for me!

All girls start debating about... dating me??! O_o!

You: I already told you that this is not the moment!!! Dx

Okay, I only have one chance ... if I fail this, it will be the end for me. But I have their support, their friendship, their trust in me... I can do it!

You: are you ready, monkey? lol

Storm King: ooooh? You wanna fight? HAHAHA!! Excellent!

Storm King jumps on me once again... he's want to punch me!

Storm King: I will crush you!!!

Just as he approaches to me, I quickly sneak to his left, avoiding the blow in my face. Then, I twist my body quickly to the right and barely touch his back. My hand moves at an incredible speed! HAH! I haven't lost my touch ;). That was all... I HAVE IT !!

You: NOW APPLEJACK!!

Storm King: huh?!

Applejack: AAAAAAAAAAAAAAAAAAAHHH!!!!!!!!!!

Applejack's geode glows with a powerful light. In addition, the girls give her all their power, making Applejack a kind of meteor charging towards the Storm King.

She raises her fist, which has not only her maximum strength, but the magic power of all her friends.

Applejack: take this!!!

And AJ hits the Storm King!

SUPER-PUNCH!! **ONE-HIT K.O.!!**

Storm King: OOOOOOOOAAAAGGGGGGGGHHHHHHH!!!

The Storm King falls to the ground.

Storm King: uuugggh! Impo--Impossible!!... i have... the orb...

You: you mean this? :D ** you show the orb to the Storm King **

Storm King: what?!! How!!

R. Dash: what?! O_O

Starlight: now i get it! Hahaha... wow, he has skills after all! XD.

Sunset: skills? O.o

You: You better than anyone know, old friend, that I was a thief. The best thief in the Underworld. 😊

Storm King: you... stole... my orb?!

Pinkie: And he stole our heart too ^^... right girls? Hehehe...

All girls: o///o

Sunset: Ahem... But does that mean now he is the same ruffian as before? :O

Starlight: Nop. It's the strong feeling of hatred and adrenaline that would make him go back to being the bad guy from before. He is calm, because he has all of you supporting him, girls :) ... ^^

Rarity: hehe **giggles**. Then... we won?

Cozy Glow: you...!!!

At that moment, Cozy Glow appears out of nowhere ...

You: Cozy!

Cozy Glow: You, ruined it! you ruined everything!!!

You: ...

I don't know what she mean ... but I'm sure we prevented a misfortune! But wait, I can see that Cozy has a white sphere in her hand ...

You: what are you doing with the Life Orb?!

Applejack: Life Orb?

You: That orb is an Underworld item. However, it was kept in the Tartarus. ** You look at Cozy **... That's not a toy, Cozy. Put it down. It's over

Cozy Glow: My plan to return to the original form of the Storm King is ruined!! ... i hate you all!!

Starlight: I see... you wanted that he fight so that his hatred would flow again and be able to activate the orb with his negative aura. You wanted to break the seal!

R. Dash: Storm King has a more powerful form?

You: I don't know the details, but I know that this orb absorbs people's negative feelings. And it is an indispensable object for that fool ... ** you point to the Storm King ** ... regain his true form and power.

Starlight: If he had agreed to fight against the Storm King, his feeling of hatred would probably have been so big that orb would have absorbed him, and the seal would have been broken. it would be devastating ... but ... **Starlight look at you** how do you know that? You said you stole things on Cozy's orders, but she never told you anything.

You: It's true. I was never interested in knowing what things were for. But in the Underworld eventually everything is known, especially in the black market ... and even more so considering the fact that this thing is one of the most dangerous in this world.

Cozy Glow: i hate you!! I HATE YOU ALL!! Why do you always get in the way of my plans!

The orb begins to glow and a light emanates over Cozy. OH, the orb is reacting to Cozy's negative feeling ?!

You: hey, calm down!

Starlight: Cozy! If you continue like this, the orb will absorb you!!

Cozy Glow: huh?!

Cozy looks up at the sky and a great light covers her. The orb in her hand continues to shine brightly... lightning strikes the ground. Black clouds appear in the sky, completely covering the stars.

Cozy fixes her gaze on the beam of light. The hatred she felt for us earlier was what triggered all this.

The null orb will not work. This is not even considered magic... it is an effect of the orb, a condition. If we don't do something, Cozy will disappear and the Storm King's origin form may awaken...

I quickly run to Cozy and take away the orb from her.

Cozy Glow: hey, give me that back!

You: shut up!! * *I look at the girls* * ... Girls, I need you to destroy this orb now!

Sci-Twi: we take care of it!

The orb still doesn't fully absorb Cozy's negative feeling, if we destroy it before it completes its process, we will have won. I throw it to the girls, however ...

Storm King: noo!! I will again be the conqueror that I once was!

Storm King tries to catch the Life Orb, but just before he can reach it ...

Sunset: You already make me bored!!

PUNCH!!* * CLASH!!!

Storm King: UUUGHH!! X_x'

Sunset attacks the Storm King, leaving him unconscious on the ground. Meanwhile, the girls use the most of their magical strength and completely destroy the orb. The storm ceases its force and the big light coming from the orb, disappears.

...

You: **sigh**... it's over.

Starlight: yes... it's finally over :)

Rarity: we wooooon!!! :D

All girls breathe in relief and run to where I am.

D. Dash: You did it well ^^

Fluttershy: you looked very cool ^///^

Applejack: it's true, you were very brave 😊

Sunset: heh... huh?, where is Cozy? ...

Oh... Cozy has escaped... and not only her... the Storm King is nowhere.

Starlight: hmm, It seems that Cozy and the Storm King have escaped...

Pinkie: we should go after them?

Starlight: it won't be necessary. Right now they are not a danger. We have the null orb and destroyed the Life Orb, the main sources of their power.

Still, it's a victory and the girls start talking about it... but on the other hand, I start to think about what happened.

You: ...

Sci-Twi: ahm... are you okay?

You: **sigh** im sorry.

All girls: ... huh??

Sunset: what are you talking about.

You: it's all my fault... Cozy and the Storm King came here for me. You didn't have to go through all this. I'm sorry.

Rarity: but you are our friend... you have also helped us a lot.

Applejack: Yep. In this battle, if it weren't for your help, we would never have been able to win.

You: Even so, Cozy and the Storm King are still hanging around here... it's a matter of time before they plan something against me. I was their target, and will probably continue to be the target because of the history I have with them.

Pinkie: what are you trying to say, dummy?

You: I've thought about it... and the best thing is that I have to go away for a while. If I'm here, all of you are in danger of being attacked again because of me... I cannot allow that.

I look at the sky while my eyes gradually get wet ...

You: **sigh** you know, all this time it has been wonderful meeting all of you. You have let me know what friendship really means, and without you, I probably would have remained the same bastard that I once was. The change was the best thing that ever happened to me, heh... I owe that to you all. Thanks for everything, for the beautiful moments we have spent together, for considering me one of you, for always caring about me, for trusting me.

The truth is that I never expected this moment to come ... I wanted a normal life, to have fun ... I want to stay here, I want to be with my best friends, but now that Cozy Glow and the Storm King are here because of me, that idea of a normal and happy life has left in the past.

But then...

Sci-Twi: Why are you saying “bye”? ... you are not going anywhere.

You: ...?!

Sci-Twi: You are a good man, you are very sweet, tender, kind and concerned about us. When we heard your story, it was difficult for us to imagine that someone like you would actually do those things... but... that doesn't matter anymore. You are other person, someone very special to us, and we will protect you. If Cozy or the Storm King return, we will fight and win... because we will do it for our friends, for you... just like today, you risked your life for us. Besides, you said it yourself, you are one of us, and we don't abandon our friends. Never.

You: im sorry...

You: **sob** forgive me... please...

Sci-Twi: There is nothing to forgive. We are happy that you are still with us ^-^

It's so difficult for me to speak right now, that I just limit myself to taking out of me all the sadness that overwhelms me at this moment. I can't think of a day without them ... their smiles, their teachings, their adventures ... never to see them again would be a punishment worse than death. I don't want to leave them, I want to stay with them. If Cozy, the Storm King or anyone dares to step on this place, I want to be there to help them ...

You finally decide to stay with them. They are right, what kind of friend would you be if you left them? You know perfectly that they are like a family to you, they are important to you... because of them you changed and you became a better person.

Alone, you are probably a simple human, but with them you feel like a strong man ... someone who is capable of overcoming any obstacle.

That feeling of joy floods your heart... it's such a beautiful feeling that you never want it to go away. You are happy ... finally, you managed to fulfill your dream: To truly know what friendship means. To know happiness.

Girls return to her normal state

Pinkie: Girls, we will have to organize ourselves to know who of us will have the first date with the dummy ^^ .. I will be the first !!

Sunset: Pinkie?! Well ... it's still your birthday ... but ... I don't think it's fair to us :/

Rarity: Sunset has right!

You: Hey, I don't have a vote here?!

Fluttershy: I will be the next one! :D

You: Fluttershy... you too? D:

Fluttershy: oops... sorry hehe.

You: hahaha...

Everyone: hahahaha :D

The battle is over. Cozy and the Storm King have been defeated, however they escaped and no one knows where they are.

Maybe, if you had decided to fight instead of listening to the girls, you could have defeated him. But, does it matter? It's like they said... if the villains come back, the girls will help you as many times as necessary ... because they are your friends, and not only that... you are special to them ;). Don't forget it.

Pinkie: dummy, I'm still tired --- can you... carry me? hehe
giggles ^.^

You: ...

Final comments:

First of all, I want to thank all of you who have read each of the mini-stories and made it this far.

You know one of my dreams has always been to create a harem / comedy and humor visual novel with the girls from EG, and this, even though it wasn't the same, felt great and is like a step closer to that fulfill that dream XD.

I am very happy that our character, the reader or simply the "MC" (Main Character), has been received so well by you. I read every one of your comments, and it's great to know how you really cared about him.

I has been almost 1 year with these mini-stories, but everything has to end some time. However, I plan to continue with short stories or spin-offs, as there are still silly-moments to tell. And I'd like to do "season 2" one day!! Even so, I am already very happy for your positive reception with these mini-stories. It started as something small in December 2019 with the drawing of "Time to Rest (Applejack)", but today it is already a complete story, with arcs and why not ... with seasons?

I hope you liked the decision you made, however, remember that you can read both endings without problem. And I recommend that you doing it, because they are totally different, and each one has exclusive drawings !!

Again, thank you very much for all your support, guys!! See you later!! 😊

Now, choose your Epilogue according to the ending you chose:

- [Epilogue: Fight againts Storm King](#)

EPILOGUE (Good ending)

We went back to the school gym and continued with the party ... apparently Principal Celestia knew all about our encounter with Cozy and the Storm King, however, to keep the students calm, she said that there was a little passing storm. Although now that I think about it, that was not a lie !!

The party continues calmly ... however ... * tap * ... something touches my shoulder.

Twilight: you did very well there ^^

You: oh.. hi Twilight. Well, I didn't do much, the credit goes to all of you, even so, I'm very glad I helped you.

Hmm... Twilight looks ... very pretty. Oh wait ... Exactly what time did she change her dress? o///o ...

You: hey Twilight... What happened to your glasses? do you wear contact lenses now? ...

Twilight: ... huh? What are you talking about :O

At that moment ... one of the boys who danced accidentally pushes me ... !!

You: WOAAH!!

I try to keep my balance, but the inertia...

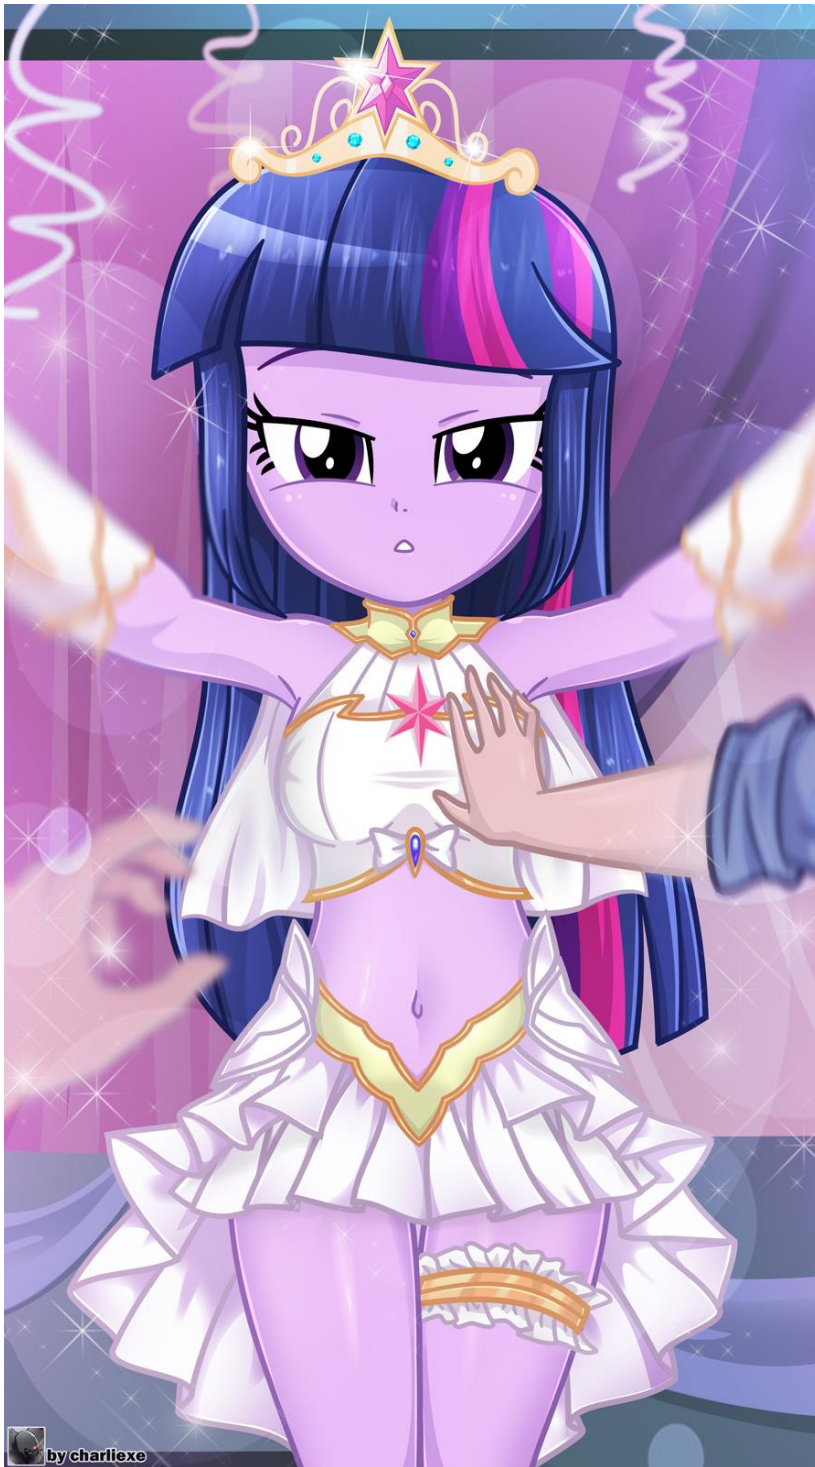

Twilight: Eek!!

POOFFF ... AHMM... I feel something soft in the palm of my hand ...

You: ...

KJASHDKJSADHSAKDJSKDAHJDKSAHDKSAHJDSA

You: aaa—IM SORRY!!!!

Without realizing it, I'm touching one of Twilight's breasts !!! ..
.... ..It's so soft huehuehue *~* it's like a dream ୧୦୧... ..
...AASDASDSADSAD Damn, what I'm thinking!!!!

Twilight: ... >///
<

You: I'm so sorry !! ... it's all a misunderstanding !!

I barely notice it too, but Twilight's arms are crossed around my neck :O! Woow, she smells really good, at this close distance I can see her even more clearly ... I'm not sure this girl is the same Twilight that I know ...

Twilight: ... ahm... can you... you know... take your hand off my breast? >///
<

You: Eek!! Abababa--- im sorry!!

What an irony !!: I survived the fight against Cozy and the Storm King to die here !!

Twilight: ...

Twilight says nothing and just looks at me ... Deja Vu. I remember something similar at her house, while I was looking for her little cat.

Twilight: ... ah!, I ... ahm... see you later! >.<

With that, Twilight leaves the place and I lose sight of her in the crowd. Hmmm, that was weird :S

Sunset: hey! :)

Sunset calls me, but she's not alone ...

Sci-Twi: oofff... I am satisfied :D. The food is delicious ^^ ... *
SciTwi looks at you * ... Hey, do you want cake? ^ - ^

You: Twilight? o.o .. but a moment ago, you...

Sci-Twi: hmm? something happened? :O

You: ... *sigh* ... forget it.

Anyway, the worries and enigmas for tomorrow, today is time to ENJOY!!! :D

Princess Twilight: *sigh* ... u.u

Starlight: Twilight? ୧୦୧

Starlight notices that Twilight is watching you from a distance...
:O

Starlight: you came! *sigh* it's very difficult, I know u.u

Princess Twilight: ... huh?! What do you mean! o.o

Starlight: you and I have been watching to him all this time from the other side ... we have seen the good man he has become.

Princess Twilight: heh, that is truth. But still, I'm scared. Nightmare is in this world, and I fear that the same thing that happened to Rarity will happen again here.

Starlight: I was with him for 1 week, just like you told me. I told him that the girls had called me to invite me to the party :P ... dont worry, it was an innocent lie. Besides, I lived with him all this time but I didn't feel Nightmare around his place. * *Starlight tries to reassure Twilight* *

Princess Twilight: I trust him, but Nightmare's influences are very powerful ... he would be an easy target. We must keep an eye on him and the rest of the girls, just in case.

Starlight: dont worry! ^^... .. **Starlight looks at Twilight** ... you like him? :D

Princess Twilight: FDSKJFSDH.. *cof* *cof* - excuse me?! o///o

Starlight: come on! xD. You don't have to pretend with me. I saw you talking to him, and your face was very red !!

Princess Twilight: well... ah... Ahem... >///<

Starlight: your silence confirms it! Welcome to the club hahaha!
xD.

Starlight and Princess Twilight join the party, although they are a bit separated from the rest of the girls.

As you said before, the worries for tomorrow and today to celebrate the birthday of your friend Pinkie !! :D!

-THE END-

EPILOGUE (Bad ending)

Me and the Storm King destroyed Ponyville and defeated not only Princess Celestia, but also those 6 pony fools faithful to "friendship". HAHAHA !! They have all been turned into stone ... into simple stone statues ...

Cozy: How does it feel?! TELL ME!! HAHAHAHA !! * *sigh* *. That was very easy.

Storm King (Origin form): there are still many places to destroy and conquer.

Cozy: you right.

However, a strange black cloud begins to form before us.

Cozy: huh? What is that :O.

???: great, you guys have defeated the main threat here, but there's still a lot of work to do.

Cozy: who are you?

???: you can call me Nightmare.

Storm King (Origin form): what do you want.

Nightmare: I come to offer my help. Don't get me wrong, you are very strong and virtually invincible, but believe me, I would be a very good ally of you.

Cozy: hmm, we are not interested.

Nightmare: are you sure? What do you gain by destroying all of Equestria, who will you conquer ... a few inert pieces of stone? I have the power of persuasion... I can make the whole world bow down to you. * *Nightmare looks at Storm King* *, isn't that what you wanted, big guy?

Storm King (Origin form): I guess you have a point ...

Nightmare: I have been in the human world, I have seen everything ... it will be very easy for me to control those minds destroyed by you.

Cozy: you mean the girls? Hmmm ... eventually I want to go back and play with them ...

Storm King (Origin form): what do you think, Cozy...

Cozy: **sigh** fine, you'll be our ally for now. But if you try something weird, I'll finish you off. You understand?

Nightmare: hehehe, loud and clear young girl.

Nightmare has joined us, I guess I can use it for now. Heheh, this will be fun... a new Equestria is about to be born! HAHAHAHA !!
