**Audio opens with ambient bathroom sounds, slight shifting of product.**

**Denki:** Whew! Man, nothing like warm clean PJ's after a nice shower huh Sparks?

**(pause)**

Haha! Yeah no kidding! That towel warmer thing Kacchan told me about was legitly the -Best-purchase ever if you ask me! It's kind of a bonus that it works on pajamas too! Gives 'em that extra cozy factor.

**(soft noise as he hugs them from behind)** Mmm! Got all our skincare stuff ready to go babe?

**(pause)**

Great! Oop, thaaank you~ I was wondering where I put my headband!

**(small shuffle as he slips it on)** There we go~ Just washed my hair, don't need to go getting fancy lotions and stuff in it haha!

**(pause)**

Hm? Oh yeah I love this one! Fits great and plus, the cute lil cat ears are a nice touch~ **(small laugh)** Here, lemme get yours smoothed out, s'a little twisted here..

**(soft shifting as he smooths the band out)**

Theeeere ya go~ Perfect! **(fondly)** Heh, it looks super cute on you. I'm glad these things came in a two pack, this way we can match while we get ready for bed! Teeth all brushed and everything?

**(pause)**

Good~ I made sure to give mine a good scrubbing too. Nowhere near as harsh as Blasty does, between him and Kiri, I'm sure they go through like a million toothbrushes a month haha!

Mhm! Mouthwash too, don't you worry, I remembered~ **(sheepish)** Buuuut one thing I don't quite remember is what stuff we're using tonight? There's so many different bottles and I'm still kinda getting used to this skincare thing, so you're gonna have to walk me through it again.

**(pause)**

Okay so...cleanser, and we already exfoliated and did face masks yesterday, so we DON'T do that tonight, some moisturizer and then some of that fancy serum and we're good to go?

**(pause)**

Sounds good~ You first Sparks~

**(water turns on and water splashes as they wet their face, pour out some cleanser and they start to scrub their face gently)**

Aaand my turn~

**(splashing as he wets his face, water turns off)**

Whew! Now lemme get this..**(pours out some cleanser)** I love how this stuff smells. It's kinda like green tea? Really soothing honestly.

**(happy hums as he gently scrubs his face)** Haha! Yeah I am glad you talked me into doing this. Being out in the city every day is rough on your skin, all those pollutants and dirt and stuff...plus! It's kinda nice to pamper ourselves like this...Self care y'know?

**(water turns back on and the listener splashes their face clean, shuffles as they dry their face)**

I think that's good...heh, 'Cuse me babe, just gonna sneeeek on in here and wash this stuff off.

**(splashes as he cleans his face, a soft muffled noise as the listener presses the towel to his face)**

**(muffled)** Thanks haha! Hmm feels nice. **(sighs as the towel's removed)** Whew! How's that huh? Did I miss anything?

**(pause)**

No? Haha, good. Okay! Next step. Moisturizer..here, let's get each other~ **(pump bottle noise)** That's enough right? I'm always a bad judge of these kinds things...

**(pause)**

Good! Now close your eyes for me~

**(soft shifting as he gently applies the moisturizer)** Theeere we go. Gotta make sure I get every inch of this cute face~

**(pleased huff)** All done! My turn!

**(pump bottle, Listener begins to apply the moisturizer)**

**(deep inhale, sigh of contentment, fondly)** Your fingers are so gentle...gonna put me to sleep if you're not careful! **(small chuckle)**

**(pause)**

Oh! Serum time, right. Holding still! Promise~

**(small drip and soft smoothing of fingers on skin)** Mm..y'know I used to think this stuff smelled weird, but it's kinda grown on me. **(fond)** Reminds me of this...of us just taking time together. It's really...comforting.

**(pause, small peck)**

**(lovingly)** Love you too Sparks...**(small hum)** Alright, now it's your turn. How many drops of this stuff do I need to use again?

**(small drip)**

S'kinda wild to think that just a couple drops of this stuff works so well but eh, that's science for ya. Close your eyes for me, don't wanna get this where it shouldn't be.

**(smoothing sounds)**

Over your cheeks...and your nose...**(small chuckle)** Aw, haha cute~ Okay! You're all good babe!

**(yawns)** Ho man, not a moment too soon huh? **(stretches)** Mm, alright, let's get these headbands off and get to bed. I regrettably have the morning shift, ugh. Hate. But! **(smug)** I traded with Kiri, so he owes me a favor~ Heh heh.

Plus, this means I get to have breakfast with you! M'looking forward to it.

**(bathroom light is turned off, they both begin to walk out of the bathroom and towards the bedroom)**

Alrighty, you go get cozy, I'm gonna make sure everything's locked okay? **(peck)**

**(footsteps as they part ways, listener making their way into the bedroom, ambient room noise w/fan.**

**Shuffling as they get the bed ready and settle down into it.**

**A bit later, Kaminari comes back in)**

**(lovingly)** Awww lookit *you* all nice and cozy. Haha! You look like a little onigiri all wrapped up and snug~ Here...lemme tuck you in the rest of the way...

**(shifting as he smooths the blankets)**

There y'go babe...**(Yawn)** We're locked down nice and tight by the way. Windows and doors all locked, security system set. I double checked and made sure our trash was out, so we're good to go.

**(pause)**

Aw you're welcome Sparks. Honestly it's thanks to that cool chore chart thingy you set up for us. Helps me remember that kinda stuff~

**(footsteps as he makes his way over to his side of the bed, a flop and a heavy sigh, voice low and contented)**

Ohhhh man comfy bed...I'm glad we bought this new mattress. Downside is that it makes it kinda hard to wanna get up in the morning hahaha!

**(shuffles as he gets underneath)**

**(yawns)** C'mere you...

**(shifting as he pulls them into his arms)**

**(softly, his voice low and comfortable)** I gotta say...these past few months have been amazing...getting to hold you in my arms like this every night? Heh..and who says dreams don't come true huh?

**(pause)**

**(sleepy laugh)** What? I'm being serious~ **(he cuddles them closer and sighs softly, his voice gradually gets sleepier as he talks)** There's no place I'd rather be than right here with you. I'll be honest...some days I wake up and I kinda think this must be a wild dream but then I see you...kiss you...**(soft peck)** And that just reminds me that yeah...I *am* the luckiest guy in the world.

**(pause)**

I love you too Sparks...now...let's get some rest huh? Got a busy day tomorrow you and me~  
**(another yawn, a sigh)** Hmn...sweet dreams babe..

**(he settles in and the sleep aid begins)**
