

Black Lipstick On, Brain Off (Goth Bimbo Loop)

Ever wondered what it would be like to be a silly, stupid, sassy goth bimbo? Well, lets fractionate you and see if we can make applying black lipstick even more fun.

SUMMARY

In this fractionation loop we will teach you all about becoming the perfect gothic bimbo. It's mostly focused around the mental feelings of being stupid, silly and sassy. There are links to wearing black lipstick (a specific one and only that one) and feeling like a gothic bimbo when you are safe to do so.

TARGET AUDIENCE

Anyone into IQ play, black lipstick and feeling sassy and free when they wear it. Intense fractionation so be prepared. This is also gender neutral and doesn't include any specific arousal suggestions.

SUGGESTIONS

When you wear a certain black lipstick of your choice you will feel yourself being a dumb, silly, sassy gothic bimbo. You will feel so free of the burdens of worrying or caring about what people think about you with what you say, what you wear and how you are, so you can just enjoy those feelings. This will end when the lipstick is removed. This will only work when you are in a place where you are safe and comfortable and with one specific lipstick, so its best to set aside one black one to be your "gimbo lipstick" for when you want to test the effects.
